

**3RD EDITION OF MRI & ULTRASOUND
IN VETERINARY MEDICINE**

25-26 April 2025, Dubai (UAE)

More info on www.esaotevet.com

Welcome!

Erminio Bassi

**Esaote Head of
Vet Business
Organization**

Esaote's main annual Veterinary meeting started in 2003 with a round table of the most acknowledgeable professionals in veterinary MRI, which helped to define the strategy to adapt our technology to the purpose, and has developed over the years with a growing attendance and customer satisfaction.

In order to reinforce the synergies and complementarity of the MRI and Ultrasound modalities, in 2023 Esaote introduced the 1st MRI and Ultrasound joint meeting in Mexico. In 2024, while maintaining the international scope of the event, we returned to Italy in the splendid surroundings of the Island of Sardinia, where attendees provided excellent reviews of the general program.

For 2025, always ready to reach new horizons, we decided to take the meeting to the charming destination of Dubai in UAE, a melting pot of people and cultures. The two-day event will include MRI and Ultrasound lectures featuring the most distinguished speakers with proven international appeal. This year we are also pleased to offer hands-on sessions on both cardiac and abdominal Ultrasound.

Guided by expert veterinarians, each participant interested in ultrasound will be able to attend a practical course according to their professional level, both in abdominal and cardiac, featuring ample scanning time and the review of clinical best practice.

The program also includes social events giving participants the opportunity to discuss lighter topics in a serene and joyful atmosphere.

Enjoy Dubai!

Speakers

Gabriele Barella
DVM, PhD

Massimo Baroni
DVM, Dipl ECVN

Claudio Bussadori
MD, DVM,
Dipl ECVIM-CA (Cardiology)

Cristian Falzone
DVM, MRCVS, Dipl ECVN

Sergio Fanfoni
DVM

Viviana Forti
DVM

Laurent Garosi
Dipl ECVN, FRCVS

Nele Ondreka-Eley
DVM, Dipl ECVDI

Federica Rossi
DVM, SRV, Dipl ECVDI
(Add Rad Oncol)

Giorgia Santarelli
DVM, Dipl ECVIM-CA (Cardiology)

Kurt Selberg
MS, DVM, DACVR

Martin Waselau
DVM, MS, DACVS,
Dipl ECVS, EBVS

Scientific & Social Programme

Friday, April 25th, 2025

MRI SMALL ANIMALS STREAM

ULTRASOUND STREAM

ULTRASOUND HANDS-ON

9:00 *Plenary Session: Welcome and Introduction - E. Bassi, Esaote*

9:15 Stroke: from cells to pixels
L. Garosi Basic: Ultrasound of the gastrointestinal tract
F. Rossi Reproductive system: advanced Hands-On
G. Barella, S. Fanfoni, V. Forti

10:00 Cerebral Microbleeds with Supreme vet-mr
M. Baroni Basic: Ultrasonographic evaluation of the reproductive
system - G. Barella Gastrointestinal tract: advanced Hands-On
S. Fanfoni, V. Forti, F. Rossi

10:45 *Coffee Break*

11:00 MRI in the traumatic patient
C. Falzone Basic: Ultrasonographic examination of endocrine glands
S. Fanfoni Urinary tract: advanced Hands-On
G. Barella, V. Forti, F. Rossi

11:45 Advances in MRI for Diagnosing Lameness in Dogs: Imaging
Techniques and Clinical Applications - N. Ondreka Basic: Ultrasound imaging of the Urinary tract
F. Rossi Endocrine system: advanced Hands-On
G. Barella, S. Fanfoni, V. Forti

12:30 *Lunch Break*

13:45 Vascular brain diseases with Magnifico Vet
C. Falzone Advanced clinical cases
G. Barella Main abdominal organs: basic Hands-On
S. Fanfoni, V. Forti, F. Rossi

14:30 Inflammatory CNS diseases
L. Garosi Advanced clinical cases
F. Rossi Gastrointestinal tract: basic Hands-On
G. Barella, S. Fanfoni, V. Forti

15:15 *Coffee Break*

15:30 SA Clinical Cases
All Speakers Advanced clinical cases
S. Fanfoni Endocrine system: basic Hands-On tract
G. Barella, V. Forti, F. Rossi

16:15 SA Clinical Cases
All Speakers Advanced clinical cases
G. Barella Urinary tract: basic Hands-On
S. Fanfoni, V. Forti, F. Rossi

17:00 SA Clinical Cases
All Speakers Advanced clinical cases
S. Fanfoni Reproductive system: basic Hands-On
G. Barella, V. Forti, F. Rossi

17:45 *Adjourn*

19:30 *Welcome Cocktail*

Saturday, April 26th, 2025

MRI LARGE ANIMALS STREAM

ULTRASOUND STREAM (BASIC)

ULTRASOUND STREAM (ADVANCED)

9:00

Plenary Session: Opening Remarks

9:15

MRI in equine orthopedics and surgery – why, when, how to and options. G-Scan Equine: A multitasking MRI-Machine? Expectations, advantages and limitations - **M. Waselau**

Canine dilated cardiomyopathy and systolic function assessment. - **G. Santarelli**

Congenital heart diseases in small animals: morphological features and management - **C. Bussadori**

10:00

Image Quality or how to Improve Contrast, SNR and Resolution. Different options of MRI-sequences: which and why? - **K. Selberg**

Echocardiographic assessment of pulmonary hypertension
V. Forti

Management of the patient with congenital heart disease: case discussion. - **C. Bussadori**

10:45

Coffee Break

11:00

Stifle MRI: How to? Set Up, Update and Expectations
M. Waselau

Feline hypertrophic cardiomyopathy and diastolic function assessment
G. Santarelli (11:00 - 11:45)

Pathophysiology and characteristics of chronic mitral valve disease.
V. Forti (11:00 - 11:45)

11:30

Stifle MRI: When? Indications and Findings.
M. Waselau

Echocardiographic evaluation of left atrial size and function
G. Santarelli (11:45 - 12:30)

Transesophageal echocardiographic exam.
C. Bussadori (11:45 - 12:30)

12:00

MRI of the Digital Flexor Tendon Sheath: Are There Any Benefits? - **M. Waselau**

12:30

Lunch Break

MRI LARGE ANIMALS STREAM

MRI SMALL ANIMALS STREAM

ULTRASOUND HANDS-ON

13:45

Hoof beats: horses or zebras; injuries of the digit.
K. Selberg

Spinal epidural and subarachnoidal space: imaging considerations with Supreme vet-mr - **M. Baroni**

Cardio: basic Hands-On / Advanced Hands-On
S. Fanfoni, V. Forti, G. Santarelli / C. Bussadori

14:30

Diagnosing fore and hind suspensory ligament injuries, is that the end of the diagnostic story? - **K. Selberg**

Focused MRI Imaging of the Canine Stifle Joint: Techniques and Applications - **N. Ondreka**

Cardio: basic Hands-On / Advanced Hands-On
S. Fanfoni, V. Forti, G. Santarelli / C. Bussadori

15:15

Coffee Break

15:30

LA Clinical Cases
All Speakers

SA Clinical Cases
All Speakers

Cardio: basic Hands-On / Advanced Hands-On
S. Fanfoni, V. Forti, G. Santarelli / C. Bussadori

16:15

LA Clinical Cases
